# WHAT THE ARTICLES LOOK LIKE

The screenshot shows the CIO website with a navigation bar including 'Topics', 'Spotlight: Solving Data Analytics Challenges', 'Events', 'Newsletters', 'Resources', 'BrandHubs', and 'Videos'. The article title is 'LayerX Security Raises \$26M for its Browser Security Platform, Enabling Employees to Work Securely from Any Browser, Anywhere'. It is sponsored by CyberNewsWire and includes a group photo of the LayerX team. The article text states: 'Early adoption by Fortune 100 companies worldwide, LayerX already secures more users than any other browser security solution and enables unmatched security, performance and experience'. Related content includes 'G2 Names INE 2025 Cybersecurity Training Leader' and 'Active Roles Wins 2025 Cybersecurity Excellence Award for Hybrid Active Directory Protection'.

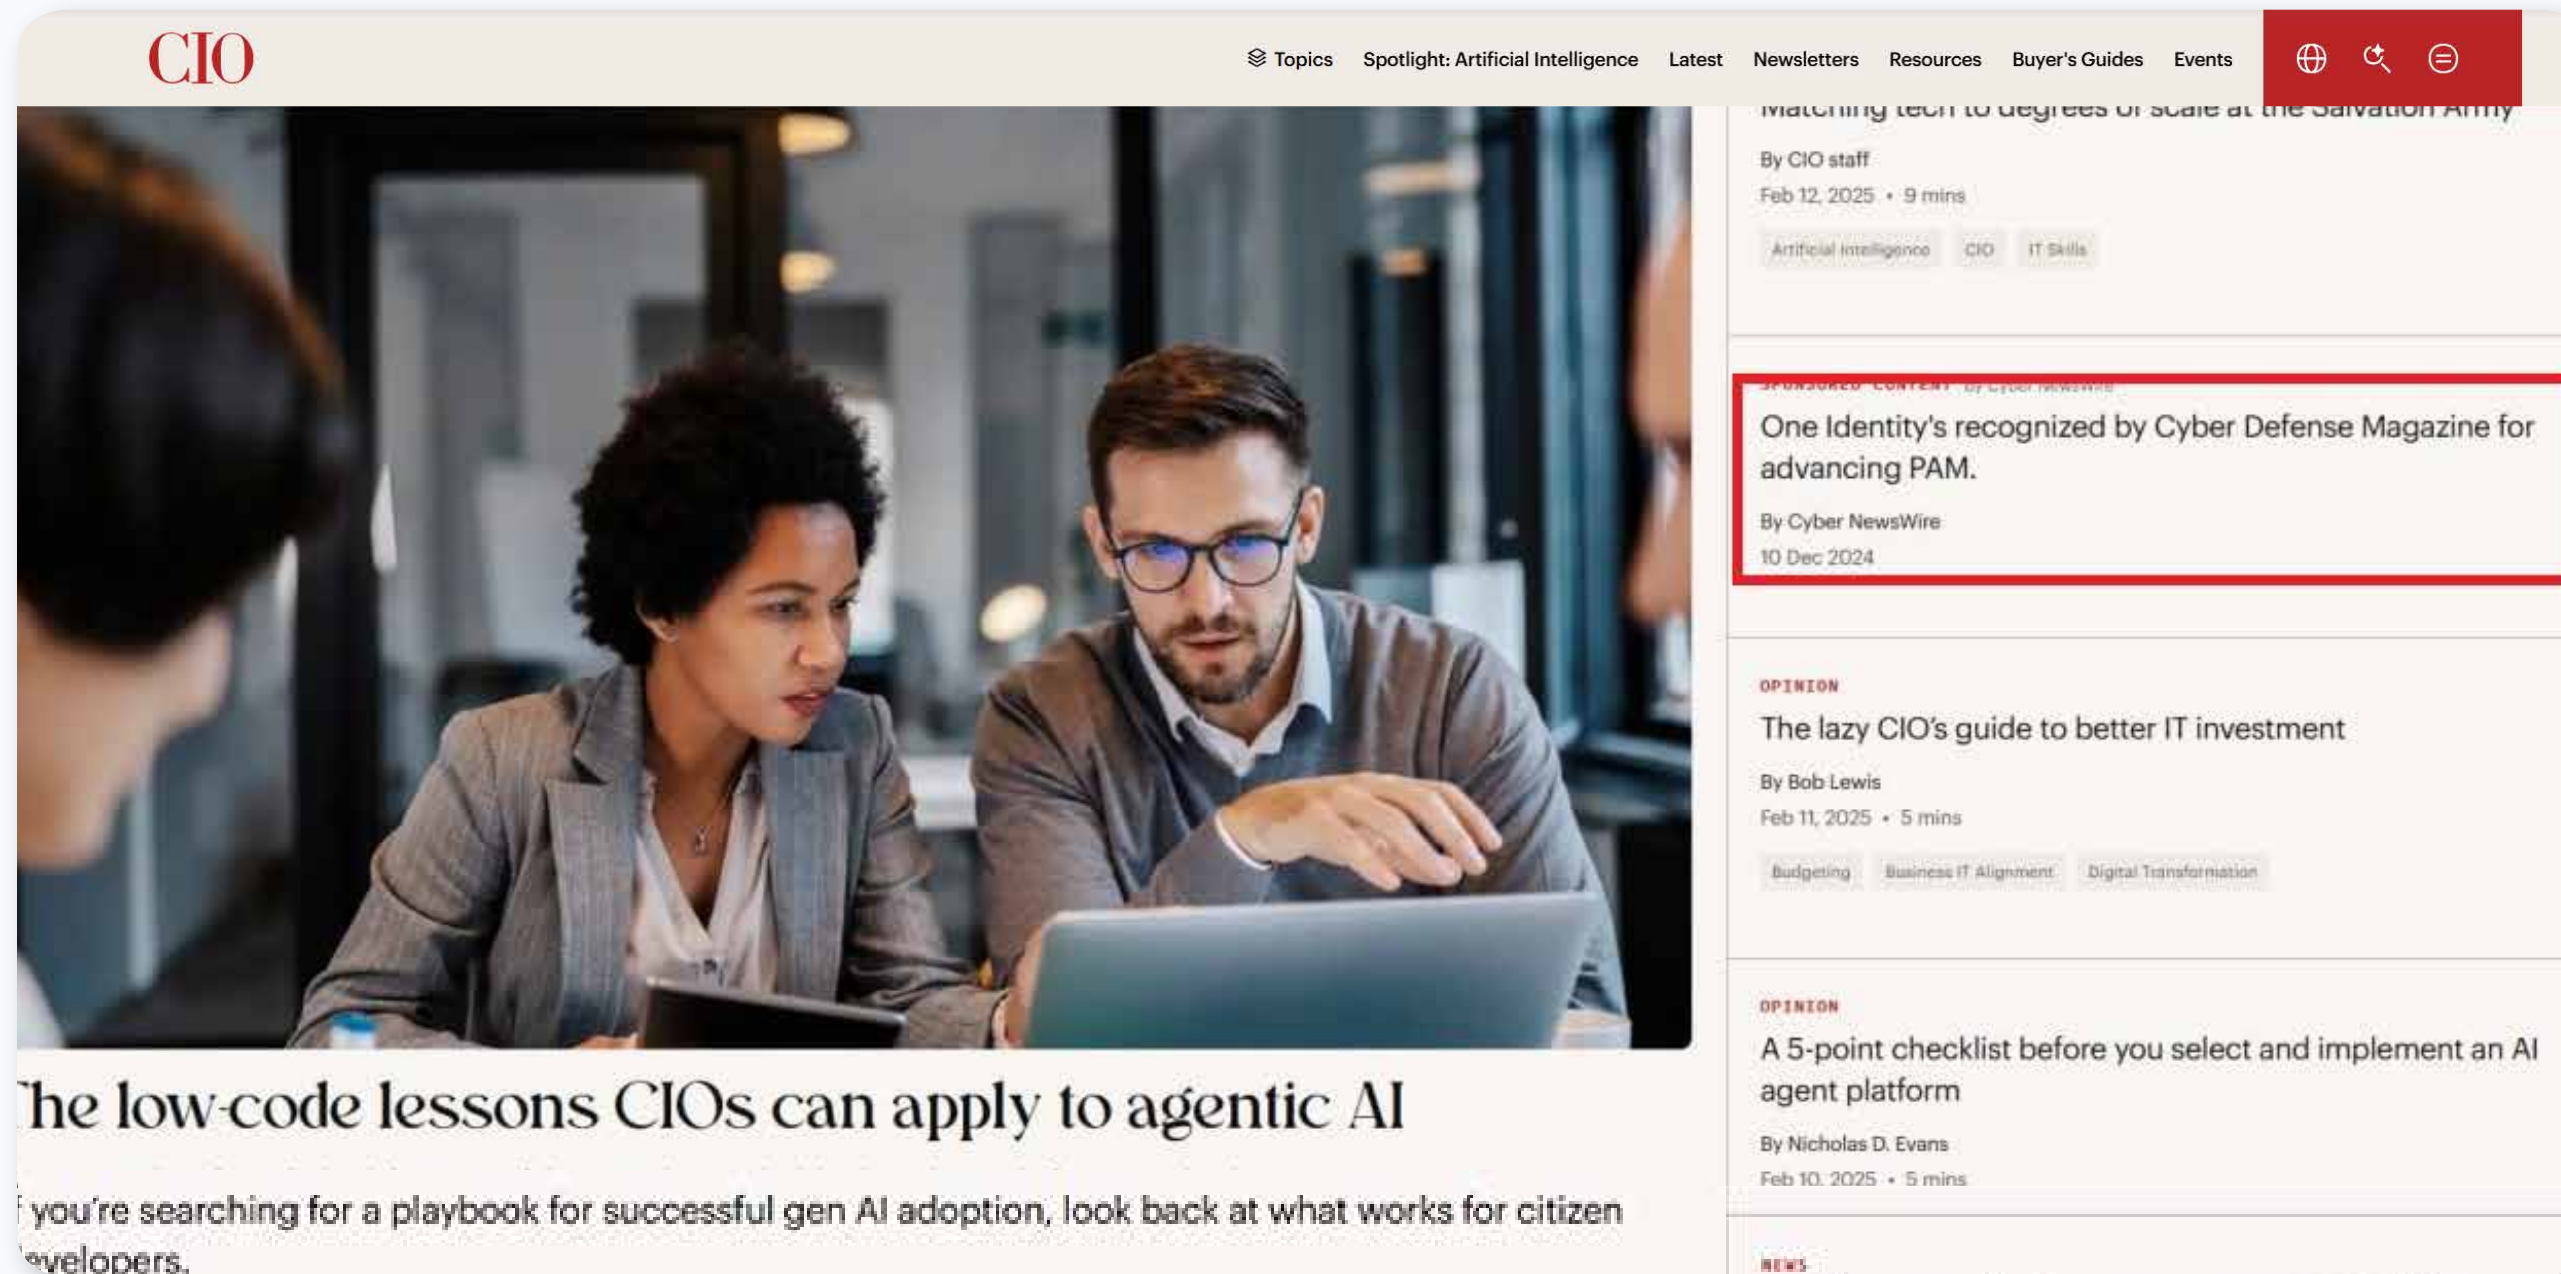

The screenshot shows the Security Boulevard website, powered by Techstrong Group, a Futurum company. The article title is 'LayerX Security Raises \$24M for its Browser Security Platform, Enabling Employees to Work Securely from Any Browser, Anywhere'. It includes a video player for a Techstrong TV broadcast and a 'Tech Field Day Showcase' link. The article text states: 'Early adoption by Fortune 100 companies worldwide, LayerX already secures more users than any other browser security solution and enables unmatched security, performance and experience'.

The screenshot shows the HACKREAD website with a navigation bar including 'Hacking News', 'Technology', 'Cyber Crime', 'Security', 'Cryptocurrency', 'Surveillance', and 'Gaming'. The article title is 'LayerX Security Raises \$24M for Browser Security: Empowering Secure Remote Work'. It includes a group photo of the LayerX team and a subscription form with fields for 'Email Address\*' and 'Name'. The article text states: 'Early adoption by Fortune 100 companies worldwide, LayerX already secures more users than any other browser security solution and enables unmatched security, performance and experience'.

The screenshot shows the HACKERNOON website with a navigation bar including 'Discover Anything', 'Login', 'Read', and 'Write'. The article title is 'LayerX Security Raises \$26M For Its Browser Security Platform, Enabling Employees To Work Securely'. It includes a group photo of the LayerX team. The article text states: 'Early adoption by Fortune 100 companies worldwide, LayerX already secures more users than any other browser security solution and enables unmatched security, performance and experience'.

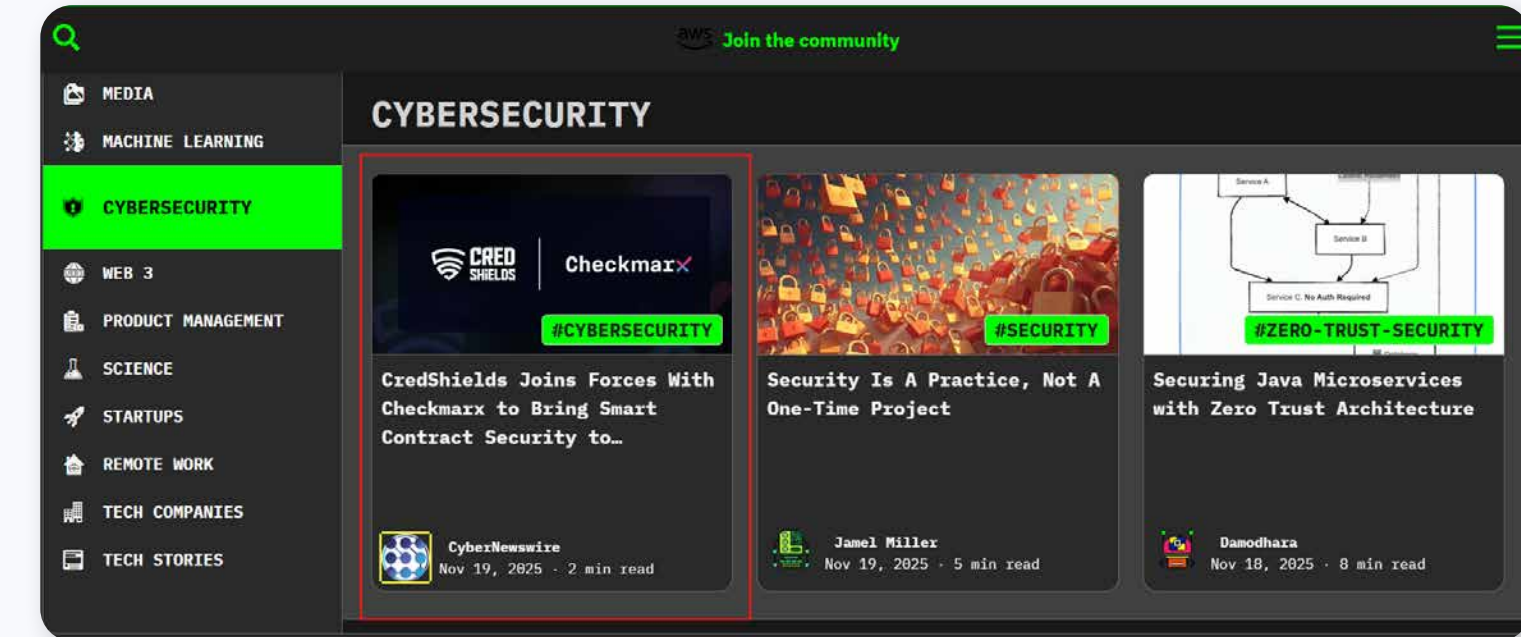

# WHAT DOES HOMEPAGE PLACEMENT LOOK LIKE

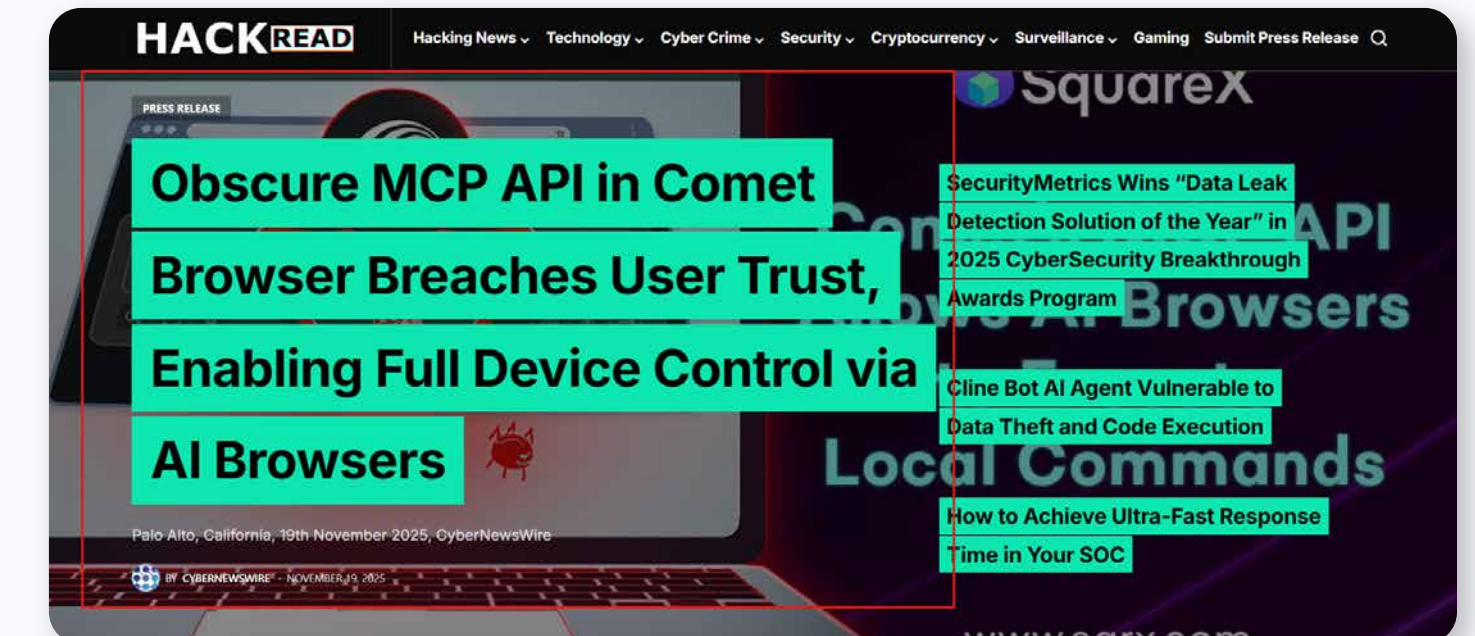

The screenshot shows the CIO magazine homepage. The top navigation bar includes 'Topics', 'Spotlight: Artificial Intelligence', 'Latest', 'Newsletters', 'Resources', 'Buyer's Guides', and 'Events'. The main content area features a large image of two people working on a laptop. Below the image, there are several article teasers. One article is highlighted with a red box: 'One Identity's recognized by Cyber Defense Magazine for advancing PAM.' by Cyber NewsWire, dated 10 Dec 2024. Other articles include 'The lazy CIO's guide to better IT investment' by Bob Lewis and 'A 5-point checklist before you select and implement an AI agent platform' by Nicholas D. Evans.

## The low-code lessons CIOs can apply to agentic AI

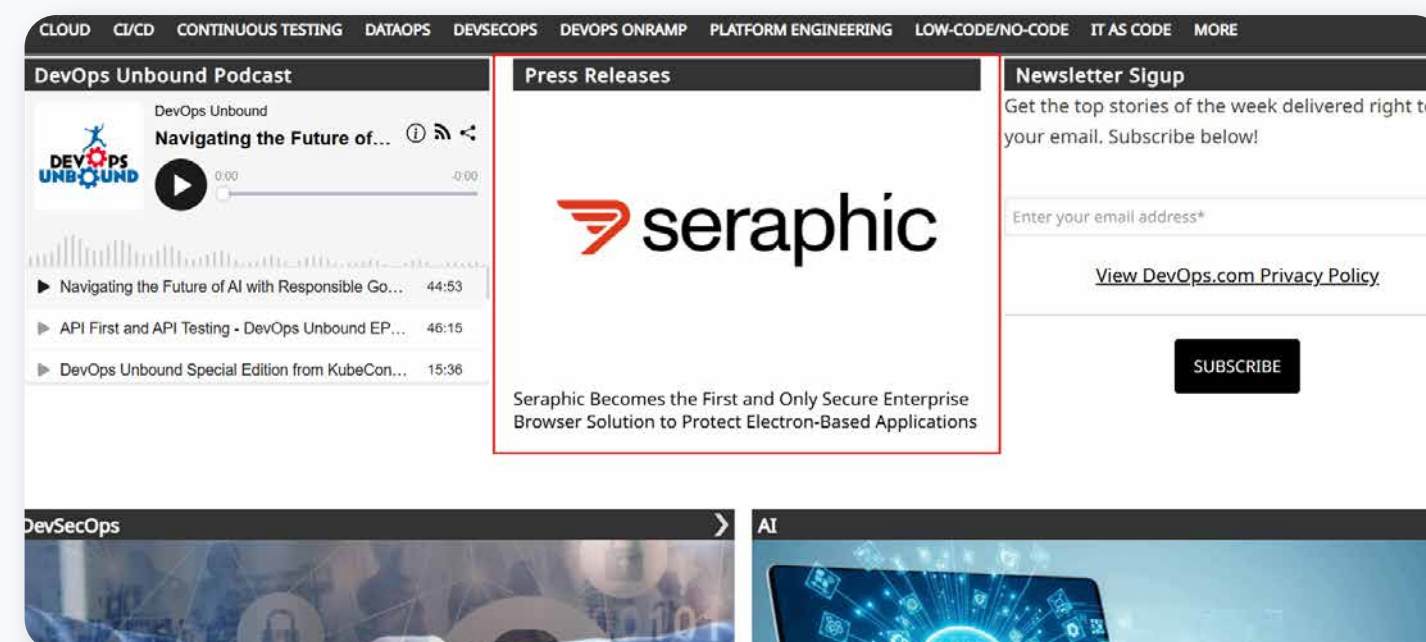

If you're searching for a playbook for successful gen AI adoption, look back at what works for citizen developers.

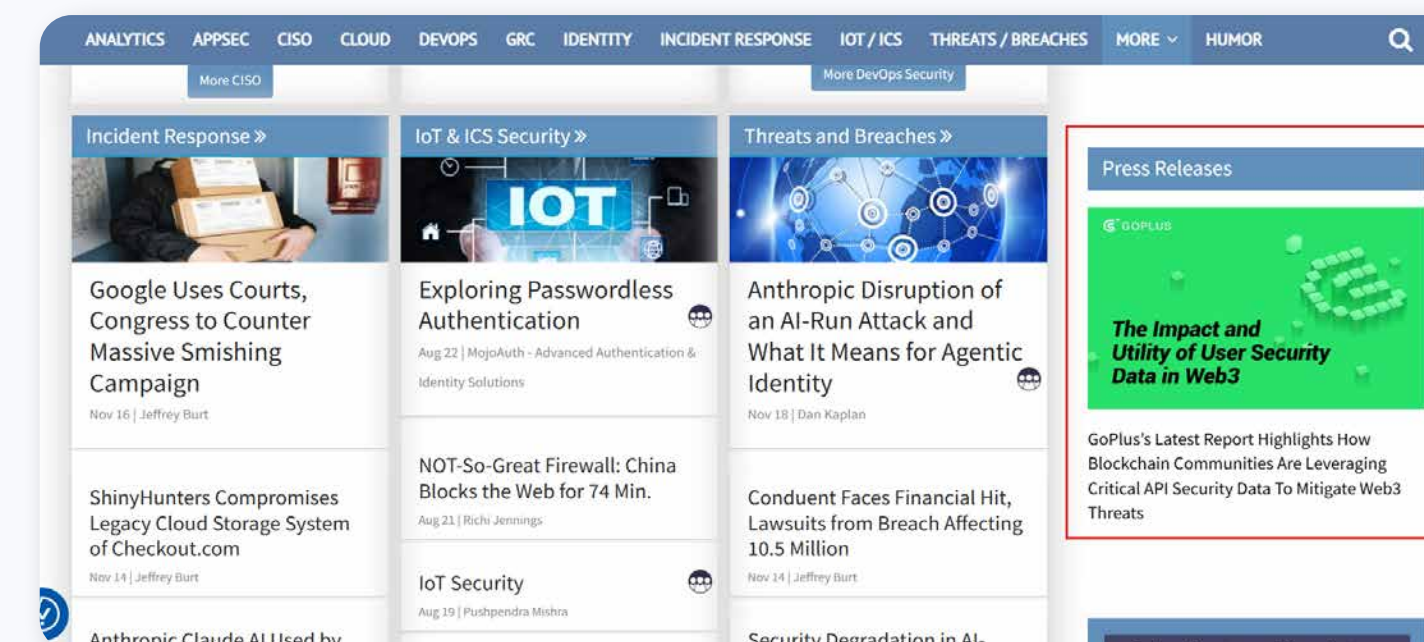

The screenshot shows the CyberSecurity magazine homepage. The top navigation bar includes 'Join the community'. The main content area features a large image of a person working on a laptop. Below the image, there are several article teasers. One article is highlighted with a red box: 'CredShields Joins Forces With Checkmarx to Bring Smart Contract Security to...' by CyberNewsWire, dated Nov 19, 2025. Other articles include 'Security Is A Practice, Not A One-Time Project' by Jameel Miller and 'Securing Java Microservices with Zero Trust Architecture' by Damodhara.

The screenshot shows the HackRead magazine homepage. The top navigation bar includes 'Hacking News', 'Technology', 'Cyber Crime', 'Security', 'Cryptocurrency', 'Surveillance', 'Gaming', and 'Submit Press Release'. The main content area features a large image of a person working on a laptop. Below the image, there are several article teasers. One article is highlighted with a red box: 'Obscure MCP API in Comet Browser Breaches User Trust, Enabling Full Device Control via AI Browsers' by CyberNewsWire, dated Palo Alto, California, 19th November 2025. Other articles include 'SecurityMetrics Wins "Data Leak Detection Solution of the Year" in 2025 CyberSecurity Breakthrough Awards Program' and 'Cline Bot AI Agent Vulnerable to Data Theft and Code Execution'.

The screenshot shows the DevOps.com homepage. The top navigation bar includes 'CLOUD', 'CI/CD', 'CONTINUOUS TESTING', 'DATAOPS', 'DEVSECS', 'DEVOPS ONRAMP', 'PLATFORM ENGINEERING', 'LOW-CODE/NO-CODE', 'IT AS CODE', and 'MORE'. The main content area features a large image of a person working on a laptop. Below the image, there are several article teasers. One article is highlighted with a red box: 'Seraphic Becomes the First and Only Secure Enterprise Browser Solution to Protect Electron-Based Applications' by Seraphic.

The screenshot shows the DevOps Security homepage. The top navigation bar includes 'ANALYTICS', 'APPSEC', 'CISO', 'CLOUD', 'DEVOPS', 'GRC', 'IDENTITY', 'INCIDENT RESPONSE', 'IOT / ICS', 'THREATS / BREACHES', 'MORE', and 'HUMOR'. The main content area features a large image of a person working on a laptop. Below the image, there are several article teasers. One article is highlighted with a red box: 'The Impact and Utility of User Security Data in Web3' by Womus.
